WATCH US GROW.

14 Years Experience.

Our prompt shipments of strong divisions, full count and true to name, which is our best advertisement, has increased our business to such an extent that we were compelled to grow more acreage of dahlias, therefore we have two farms which makes us the largest wholesale dahlia grower in the Central States.

Our main office is located at Indianapolis, Ind., 6300 West Washington Street.

All orders will be shipped out from Indianapolis.

GOOD INFORMATION.

Dahlia bulbs shipped by express are rated as second class and are listed as perishable.

All express agents are requested to send perishable shipments without delay, even to the extent of delaying first class shipments which are not listed as perishable.

The express company stands all loss by freeze, or damaged otherwise, therefore do not hesitate to have orders shipped in cold weather.

Dahlia bulbs sent via freight require first class rates.

All freight shipments travel at purchaser's risk as freight companies do not insure against freeze. Freight shipments travel slow and are handled rough. First-class freight costs about the same as second-class express.

Be sure your express agent has given you second-class rates. If unable to get second-class, notify us and we will assist you.

Indianapolis; America's greatest inland city, located 60 miles from center of population of United States. It is the meeting place of seventeen steam railroads and fifteen interurban lines. It is the most easily accessible city in the United States from all parts of the country.

Express trains leave hourly day and night including Sundays and holidays.

Let us have your **RUSH** order.

We thank our customers for all past orders and solicit our share of your future trade.

WHOLESALE LIST

DAHLIAS

OUR BULBS ARE GOVERNMENT INSPECTED.

Stock offered are strong divisions of field clumps grown from tubers (not from plants).

We guarantee all shipments to be sent out in good growing condition, plump, true to name and of standard size.

All complaints must be made within ten (10) days after receipt of shipment. (Except being true to name, and that as soon as possible.)

TERMS—Are cash or part cash, with C. O. D. shipments. No packing charges.

Telegraph orders receive our special attention.

We give extra bulbs which is equal to a 5 per cent discount.

All parcel post orders sent at purchaser's risk of freezing (as postal regulations do not allow insurance against freezing. The express companies do).

If no postage is included with parcel post order we will send via express or C. O. D. for postage. We will return promptly the postage not needed for your shipment, always send enough. Express is cheaper than parcel post in most instances.

If mailing size tubers are wanted, please advise at time of placing order. Otherwise strong divisions will be sent.

We are prepared to ship 75 per cent of all orders the day received.

SUPPLY—We grow for the wholesale trade, making a specialty of supplying florists, seedmen and dahlia growers who require dahlias true to name and Quick Service.

Give us a trial order and investigate our quality and prompt shipments, so you can have a dependable place in view for that rush order.

We usually sell up on some varieties before planting time, so an early order would be suggested.

We grow in large quantities and assure you of giving each order our careful attention.
